3. The following table lists the minimum qualifying pre-board scores for each specialty required to be considered as a primary or alternate candidate. It is the member's responsibility to log onto Direct Access to obtain and compare the pre-board total listed on their profile letters to the scoring thresholds below to determine if they qualify as a primary or alternate candidate. The Board will review the records of all primary candidates. Alternate candidates will only be considered by the Board if a primary candidate disqualifies him/herself or is otherwise removed from consideration (e.g, promotes off of previous CWO Final Eligibility List, withdraws, etc).

Preboard Score Cutoffs:

4. In accordance with Ref B, the current Commanding Officer is responsible for preparing an OER for each primary and alternate candidate appearing on the pre-board eligibility list.

Do not use the instructions in Chapter 5 of Ref A for regular OER submissions, as CWO applicants have special OER direction, as well as resume guidance, outlined in Ref C.

5. Paragraphs 13-14 of Ref C and Chapter 5 of Ref D address OER and resume preparation. Ref C supersedes Chapter 5 of Ref A and is available at the PSC SharePoint site: <https://go.intelink.gov/5YSTpUq>. Applicants shall use OER form CG-5310A, which is available on the SharePoint site at: <https://go.intelink.gov/~EgTAJx>.

6. OER and Duty Under Instruction (DUINS) OER Submission: Use Ref C for OER and DUINS OER completion. The following guidance is provided with respect to the OER. If you recently transferred, received orders to an out-of-rate assignment, or are in an advanced education program, you are encouraged to have your current Commanding Officer or applicable Program Manager contact your prior command for supporting input. Notably, all OER input must document performance within the period of report set forth in Ref C.

7. Resume Submission: Using Ref C and Ref E for guidance, all primary and alternate candidates appearing on the pre-board eligibility list shall submit a resume in CG memo format via the chain of command. The "To" line shall read, "To: President, Warrant Officer Appointment Board." No enclosures to the resume (other than the OER) are permitted. The resume is limited to a maximum of two pages, single-sided, single-spaced, 12 point text in Times New Roman font. The resume shall be in the format specified in Paragraph 14 of Ref C.

8. The following items must be completed prior to submitting final packages:

a. OER has been signed either electronically (preferred) or by hand by the Commanding Officer.

b. Resume has candidate's signature and a Commanding Officer's signature endorsement on the "Thru" line (no second page endorsements are permitted).

c. Ensure the candidate receives a final copy of their OER for his or her records.

9. Final Package Submission Guidance: Final packages shall be uploaded to CG PSC (opm-1) CWO Appointment site: <https://uscg.sharepoint-mil.us/sites/psc>. Final packages shall be one PDF containing both the resume and the OER. Merged PDF documents may lose electronic signatures. PDFs will need to be scanned together rather than merged if electronically signed or printed to PDF. Separated documents and incorrectly named documents will not be accepted.

10. The deadline for receipt of final packages (OERs and resumes) to CG PSC (opm-1) is NLT 17 MAR 2025. OERs and resumes will not be accepted after the published deadline unless operational or extenuating circumstances prevent timely submission. In these rare circumstances, commands shall notify CG PSC (opm-1) to request an alternate deadline prior to the posted deadline.

11. CG PSC (opm-1) must account for every primary and alternate candidate at each step of this process. Therefore, all changes in status must be reported to the CG PSC (opm-1) POCs listed in paragraph 12 below for tracking and updating purposes. One of the following forms of correspondence must be received for each primary and alternate candidate on this list:

a. Final package (OER and RESUME), or

b. Written communication via memo from the commanding officer to remove the candidate from consideration, or

c. Written communication via memo from the candidate requesting to withdraw from consideration. If received before the 07 APR 2025 Board convening date, no two or five year loss of eligibility penalty will occur.

12. OMPF Entries: Between now and 6 APR 2025, candidates and commands must collectively ensure that all Official Military Personnel File (OMPF) information is up to date. Any additional documentation appropriate for filing in the member's OMPF shall be sent as soon as possible via the candidate's P&A/SPO to be properly indexed in iPERMS per Ref C paragraph 11. In order to facilitate timely processing, the iPERMS container field should have "URGENT" listed.

13. In accordance with ref D, appointments to CWO are made to meet service needs and fill vacancies within the CWO corps. All candidates who retain their names on this PEL should be prepared to accept appointment and PCS orders in AY26. No penalty will be enforced to candidates who request removal from the PY25 appointment process prior to 7 April 2025.
